Metodickú časť tvorí jednoduchá definícia činností projektu na úrovni dielčích projektov aj na úrovni riadenia projektového portfólia.

4 bloky:

- 1. prípravná fáza
- 2. zahajovanie projektu
- 3. realizácie projektu
- 4. uzavretie projektu

#### EA či PM?

- EA = Enterprise architekture
- PM = Portfolio management zamieňané termíny

- PM súbor procesov
- EA bez programov, týka sa zdrojov (infraštruktúra, financie, ľudské zdroje)

## Prínosy

- Prehľadné sledovanie stavu projektov a zakázok
- Včasná identifikácia problémov a ich náprava
- Efektívnejšie plánovanie projektových úloh
- Zlepšovať projektové ovládanie a štandardy
- Lepšie zdroje pre manažment a reporting

## Prínosy - RIADENIE
